DESINFECT SCREEN - DISINFECTANT & CLEANING SPRAY

Through the constant active contact of various objects with the hands, viruses and germs are transmitted to the surfaces of electronic devices. Whether smartphone, tablet or touchscreen - germs and viruses spread rapidly, especially in busy environments. Be it a check-in terminal at the airport, ticket machines or extensive office environments, disinfect and clean carefully with **DESINFECT SCREEN** disinfectant and cleaning spray without alcohol on a pure water basis.

DESINFECT SCREEN Disinfectant and cleaning spray for smartphone, tablet and touchscreen, without alcohol - water-based.

CHARACTERISTICS

- broad spectrum of activity against micro-organisms
- bactericidal, yeasticidal, fungicidal, virucidal, sporicidal

COMPOSITION

Ingredients: water, table salt, sodium hypochlorite
Active ingredients: < 0.05% sodium hypochlorite (NaOCl)

APPLICATION

DESINFECT SCREEN Spray disinfectant and cleaning spray onto a microfibre cleaning cloth and disinfect and clean the surface by wiping.

Never spray **DESINFECT SCREEN** disinfectant and cleaning spray directly onto your electronic devices to prevent damage from incoming moisture.

Please make sure there are no dirt or particles on the cleaning cloth that could scratch the display
