SCHUH-HYGIENE-SPRAY

DISINFECTION OF
SHOES & BOOTS

DESINFECT SHOE FIT - SCHUH-HYGIENE-SPRAY

It's just more hygienic to treat your footwear with a day break and take care of it. Because your foot releases moisture that the shoe absorbs and stores. In this humid milieu germs and bacteria settle quickly. After a short time unpleasant odors arise. **DESINFECT SHOE FIT** shoe hygiene spray for the disinfection of shoes of all kinds. Short exposure time, dries quickly and residue-free. Removes the odor problem sustainably and protects against athlete's foot.

DESINFECT SHOE FIT shoe Hygiene Spray is an effective disinfectant for removing bad odors, bacteria and fungus in shoes and boots.

It is quick and easy to use and hygienically fresh in a short time. Unpleasant odors are not only masked, but destroyed. The shoe is reusable after drying.

DESINFECT SHOE FIT shoe hygiene spray is suitable for all types of shoes and boots for disinfection and odor removal:

- Ski and snowboard shoes
- Bicycle shoes
- motorcycle boots
- riding boots
- climbing shoes
- work shoes
- Sports shoes
- Hiking boots uva.
